STENCIL Collection

Calambour's exclusive stencil collection draws inspiration from the mesmerising patterns of traditional mediterranean tiles, the elegant moves of graceful prima ballerinas, the delicate traces of plants and flowers, the amazing contrast between natural and urban elements, and the cozy and cheerful atmosphere of Christmas.

This versatile collection of stencils is ideal for embellishing furniture and objects, decorating fabrics, covering walls and panels.

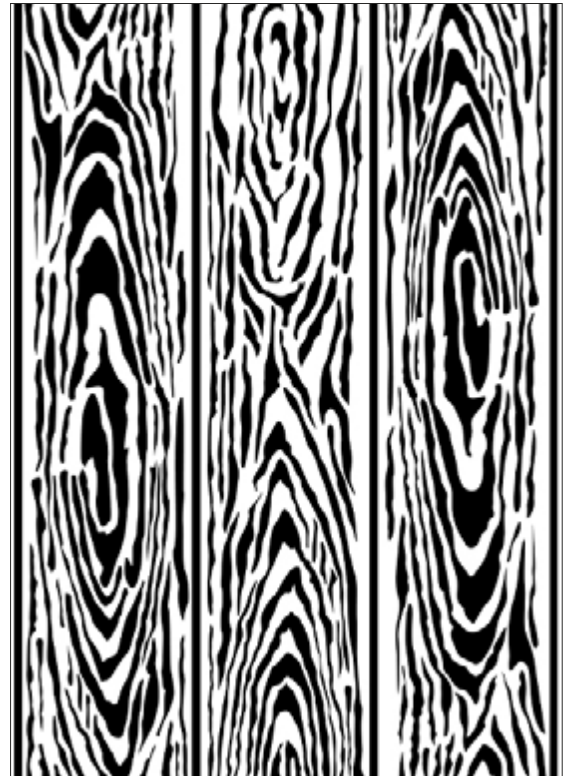

Experiment and have fun combining various stencils with Calambour papers and products to make original and stunning creations!
